

MARCH *It's Not Luck!*

It's not luck – It's being prepared! Understand the risks you and your community may face and prepare now. There are many benefits to preparedness, the most important of which is staying safe and having the tools and resources you and your family will need to recover.

ACTION ITEMS for March. See LINKS for How-To information.

1. Know your risks: Earthquake. Fire. Flood. Mobility.
2. Do you have renters or homeowners insurance? Does your current policy cover your current situation?
3. Review/Refine your emergency plans. Just starting? See links at right to get started.
4. Make it a habit to fill your car's gas tank when it reaches the half full mark.
Gas stations may be inaccessible after a disaster.

REMINDERS

Mark expiration dates on all stored perishables including water, drinks, canned food and bleach. Purchase items you like to consume, rotate your supplies, using older items first.

For more information visit your Martinez Area Community Emergency Response Team, (CERT) www.martinezcet.org

This calendar is designed to break down large tasks into monthly steps to be less overwhelming. The calendar lists many items to be purchased early in the year, before the distractions of the holiday season. While perishables must be replenished, hardware purchases should be mostly one-time expenses. Time purchases to work best for you!
